ICE-8: Nobel Prizes in 2019

Nobel prizes were instituted by Dr. Nobel, an engineer and entrepreneur. This venture was started with his personal property. The researchers whose contributions result in “greatest benefit to humankind” are given a Gold medal, diploma and cash in the annual event every year. The functions is organized by Swedish academy (Sweden) in presence of Prince and the awardees from then onwards are called Nobel Laureates. Since inception in 1901, hundreds of scientists were bestowed with Nobel Prizes in three pure science disciplines viz. Physics, Chemistry and Physiology/Medicine. Dr. Nobel, himself being a poet and peace monger, two other disciplines under Nobel prize list are Literature and Peace. In 1969, the sixth prize was introduced for Economics. The Nobel Prize continues to be the most prestigious and honorable recognition/award for intellectual achievement in the world.
